

Applecado Senior Developer

Applecado is a small web development agency based in Hampshire. We currently consist of the two founders, and are looking to hire our first full time employee to join the team. The new employee will join us in our farm-based office near Basingstoke, and will help to expand and take the company forward.

We are looking for a passionate and motivated individual, with the right person becoming a crucial part of the business, with a long term career in mind.

Overview

Applecado is looking for a mid-to-senior developer with professional experience of:
Symfony or similar MVC framework
Doctrine ORM
PHP
Javascript
HTML/XHTML/CSS
jQuery
MySQL
and Linux (Ubuntu).

Duties & Responsibilities

This is an excellent opportunity to work in a small but forward thinking company that can offer career progression, to work on a variety of websites using the latest technologies and hardware, and with a competitive salary package.
Assist in the estimating and planning of projects
Liaise with clients to deliver successful projects
Work under strict deadlines
Excellent written & oral English

Additional Information

20 days holiday & the office will be closed over Christmas and New Year
Free Parking
Hours of Work: 9:00 – 5:00 pm and 1 hr lunch
Please note that this role is only open to residents of the UK that have the valid permissions to work.

If you are interested please email Nicola Ball at nicky@applecado.co.uk along with your CV. And please, no agencies.
